### Steps to Import Management Pack

2

The screenshot shows the 'Administration' pane on the left with 'Management Packs' selected. The 'Tasks' pane on the right is highlighted with a red box and contains the following options: Reporting Infra MP, Delete, Export, Properties, Management Packs (with sub-options: Create Management Pack, Import, Refresh). Below, a table lists the file 'SystemInt.RoleMgmt.Library.mpb' with a date of 24.10.2018 16:34, type 'MPB-Datei', and size '120 KB'. A red arrow points from the 'Import' task to the file. At the bottom, a file selection dropdown shows 'MPB files (\*.mpb)' selected.

Name	Änderungsdatum	Typ	Größe
SystemInt.RoleMgmt.Library.mpb	24.10.2018 16:34	MPB-Datei	120 KB

Import.  
Restart the console.
